FOR FASCINATING PEOPLE

GENERAL CATALOGUE 2016 - 2017

15 YEARS

PHILOSOPHY

2016 is the year of the 15th Anniversary of Ilfari!

This 15th Anniversary will be a special honor for Ilfari to present this newest catalogue with fascinating designs... for fascinating people!

Inspired by dance music, Ilfari's Design is slightly eccentric, sometimes eclectic. In this music scene it is easy to translate the modern music into classical music parts. Simplicity combined with modern effects is playing with our imagination.

In the fascinating designs of Ilfari you will find the same philosophy. A highly progressive look, almost artistic on light, in combination with a subtle use of classical elements and sometimes Swarovski Crystals resulting in luxury lighting objects.

Objects that will give modern as well as classic interiors an individual almost revolutionary turn.

Ilfari products are original, innovative and completely handmade. Manufactured in Europe with high quality materials only and a strong focus on detail. Ilfari cooperates with the finest European manufacturers for worlds best quality crystal and glass. Ilfari is also your partner for customizing and realizing of special projects.

In this catalogue we show you our new Ilfari Inspiration Center in Holland. An excellent place to enjoy the complete Ilfari collection in a stunning atmosphere. Welcome in Holland!

With this newest catalogue Ilfari will present all designs included the newest as; 'Lazy Sunday' where architecture meets classic, or 'Sky Cycles' evoking a world of twinkling and sparkling eyes of crystals and 'Waltz of Vienna' where clear designs combines classic with modern into new luxury style.

Be inspired by this new catalogue. For Fascinating People only!

Kind regards,

Coen Munsters
Designer and founder Ilfari BV Holland.

ENJOY THE ILFARI INSPIRATION CENTER

In november 2013 Ifari opened its new headquarter in the Netherlands spectacularly. The impressive new building houses the Inspiration Center, a 500 square meter large showroom, where Coen Munsters, owner and designer of Ifari, has realized a sensational presentation of Ifari's collection.

The heart of the Inspiration Center is 'The Lounge', where the guests can enjoy drinks and lounge music while witnessing its extraordinary surrounding. The Inspiration Center is built in the typical Ifari style, modern with a classical touch, and plays with your imagination. Behind every corner is a new surprise, resulting in the optimal environment for contemplating the Ifari Light collection.

Bring a visit with your clients or business relations. Make an appointment prior to visiting and ask for the possibilities. Welcome!

The Arabian architecture with its massive constructions combined with the most elegant and fabulous fine details was my inspiration for the design of 'Arabian Pearls', where, as well, a massive construction is combined with the most elegant lines and details, resulting in fascinating light sculptures.

Crystal as flowing and sparkling water. In contrast with nature in absolute silence

CRYSTAL HEARTS

Design: Coen Munsters 2013

crystalized with Swarovski Fabric crystals inside

CRYSTAL HEARTS

Clear lines resulting in organic classical sculptures,
crystalized with Swarovski Fabric crystals inside and connected
with the most sparkling Swarovski Strass crystals.

Crystals as the heart of fascinating sculptures.

Moving next, or in to each other in straight or swinging lines, as life... as a 'Dance for Life'.

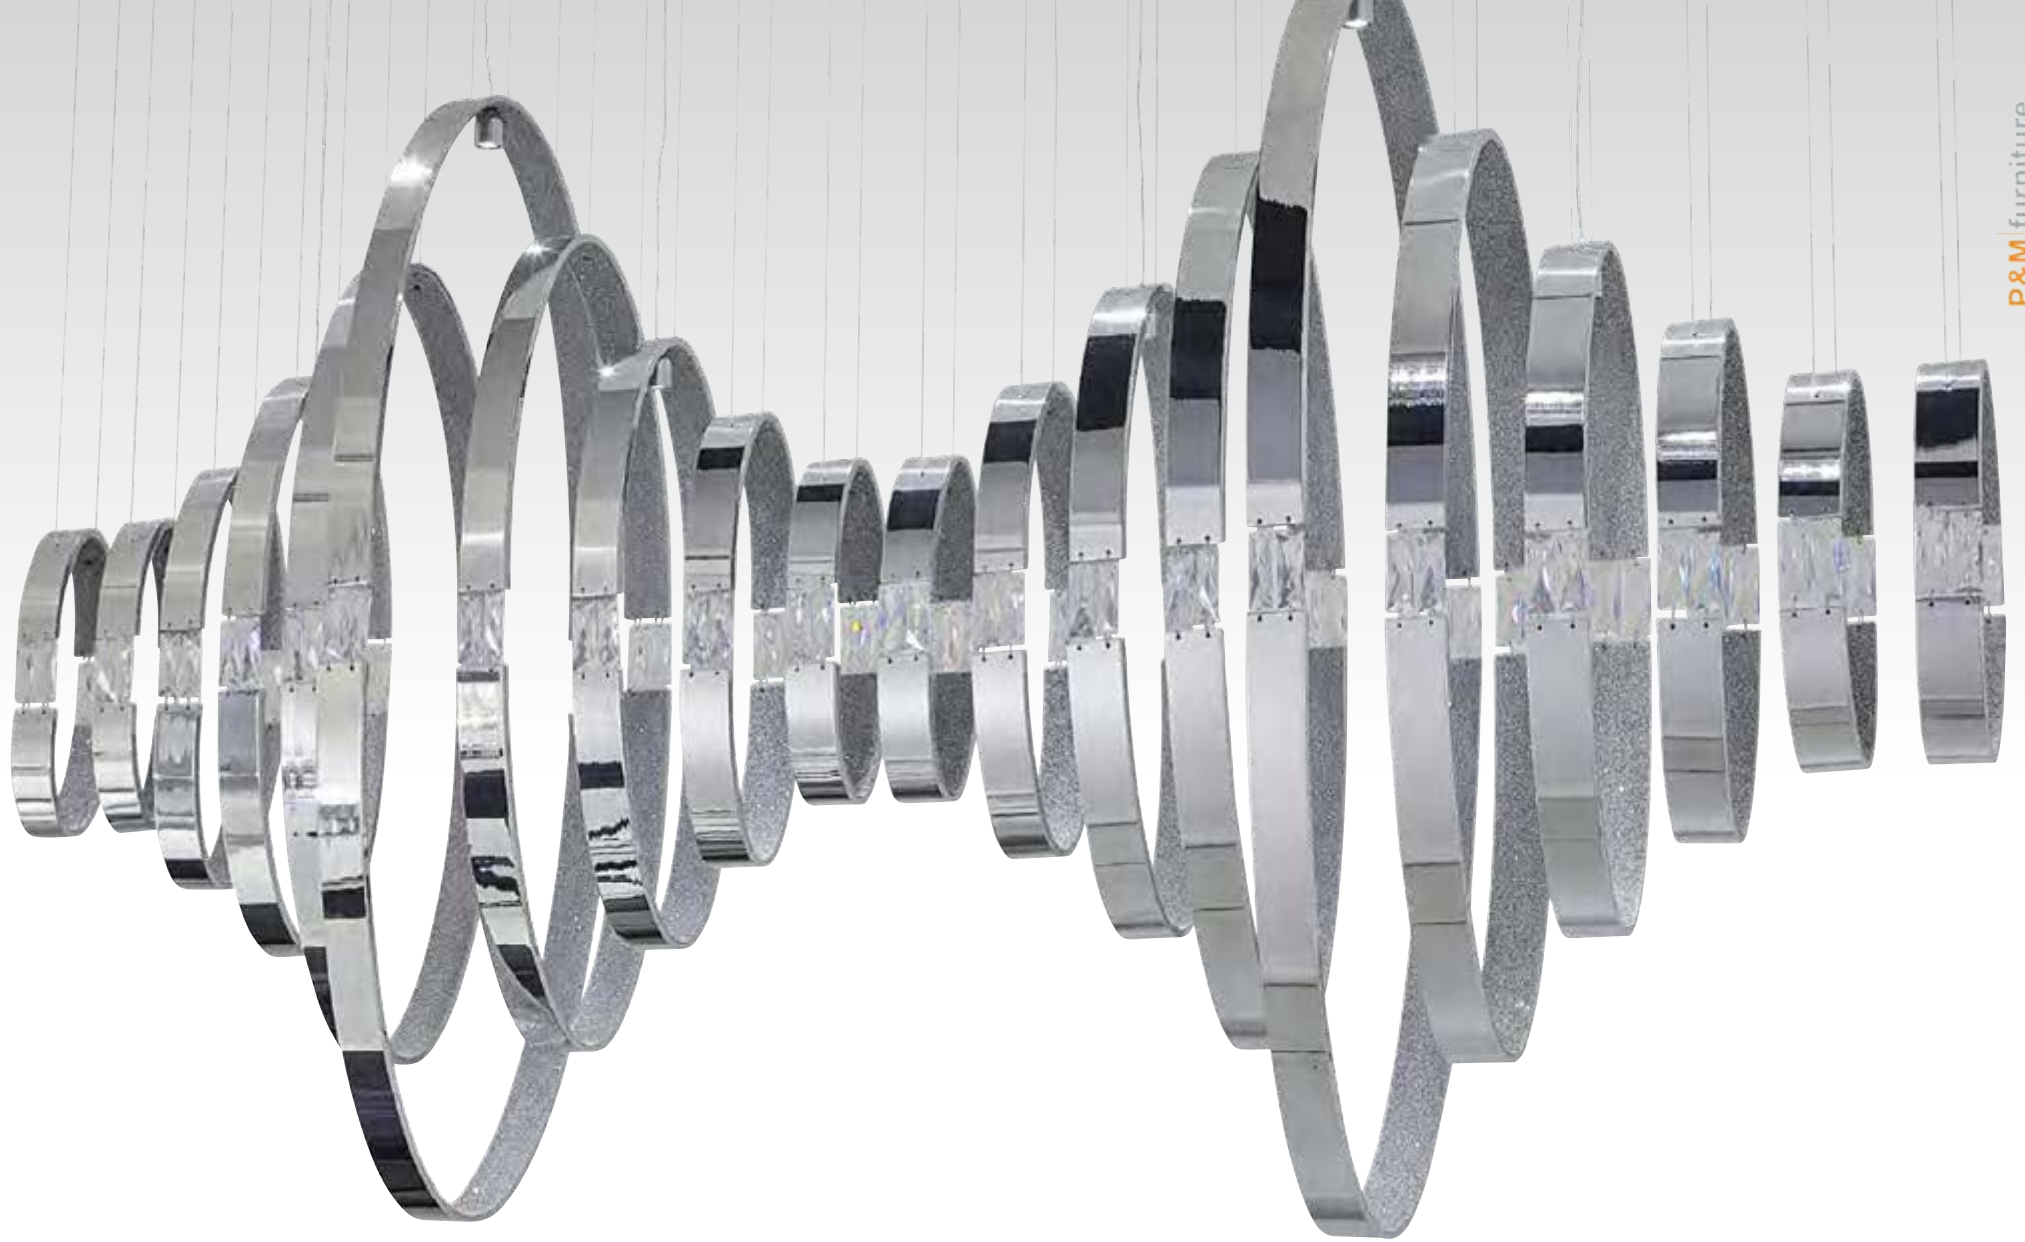

The world theme 'Dance for Life' was my inspiration for the Crystal Hearts design.

The heart as the middle of each life. It moves... it moves all over the world.

This light of Crystal Hearts is moving and can be build up with Movements 1 till 5.

In a way of life, your life!

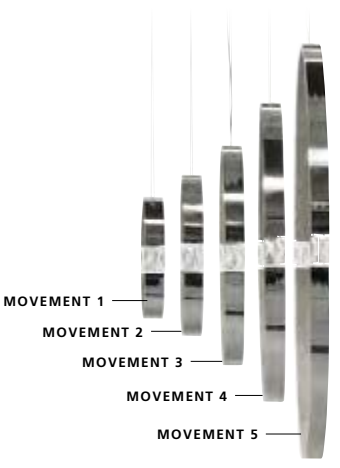

CRYSTAL HEARTS

Design: Coen Munsters 2013

CREATE YOUR OWN CRYSTAL HEARTS WITH MOVEMENT 1 TILL 5

- please notice:
- the distance between the movements;
 - the number of movements with and without LED light;
 - movements in a straight or in a swinging line;
 - mounting the movements direct on the ceiling or mounted on a ceiling box;
 - customized ceiling boxes on request;
